BACHELOR OF ARTS:
English
City College of New York

CHRIS DIELSCHNIEDER

SOFTWARE DEVELOPER

Regina, Canada
Phone: 306-519-0138
E-mail: chrisdel.tech9@gmail.com
GitHub: https://github.com/chrisdel101
Portfolio: https://chrisdel101.github.io/chris-del-portfolio

EXPERIENCE ↗

SOFTWARE DEVELOPER
Kvale Consulting | Aug 2024 - Oct 2026 | Regina, SK

- Architected, designed, built, and deployed solution for fetching, processing, and sending data from a source API to a target ArcGIS endpoint ↗
- Developed custom solutions for ArcGIS Pro and Esri portal using Arcpy, and Esri Python API and REST APIs
- Parsed mass tabular data into clean relational format for ingestion by ArcGIS
- Implemented Windows services to fetch and send API data on timed intervals

Top Skills: Python, TypeScript, Arcpy, ArcGIS, PI Web API, C#

SOFTWARE + HARDWARE DEVELOPMENT INTERN
Lytehorse Labs | May 2022 - Aug 2022 | Regina, SK

- Designed full-solution native software for testing an ATV
- Implemented solution using C language and Python
- Utilized multithreading and TCP sockets, enabling asynchronous communication
- Integrated hardware: Arduino, electric motors, and motor controllers with native software

Top Skills: Python, C, Testing, Linux, System Design

FRONT-END DEVELOPMENT INTERN
54e Dev Studios | Jan 2022 - May 2022 | Regina, SK

- Tested and built front-end CMS features with React and TypeScript
- Overhauled older CMS pages, making them mobile-responsive
- Utilized build pipeline to detect errors in code or deployment process
- Integrated code into production after applying code review feedback

Top Skills: React, TypeScript, Git

FULL-STACK DEVELOPMENT INTERN
Raven Industries | May 2021 - Aug 2021 | Regina, SK

- Developed front-end components for driving simulator using React
- Increased test coverage for autonomous vehicle software using Python
- Presented end-of-term project on simulator work to all interns and select company leadership

Top Skills: React, JavaScript, Python, Unit Testing, GitHub

FRONT-END DEVELOPER
Virtual High School | Jun 2017 - Sep 2018 | Bayfield, ON

- Developed features for staff to submit work in company CMS using JavaScript
- Developed interactive educational UI components using Vue
- Enhanced bug detection and improved test coverage with Mocha/Karma suite
- Wrote cross-company workflow automations in Node and Bash

Top Skills: JavaScript, Vue, CSS, FTP, Unit Testing, CMS, Webpack
